

Nature Pro Series

Portable Hot Water Handwashing Sink

WITH HIGH-QUALITY ELEGANCE MADE TO withstand the outdoors, the **Nature Series** hot water hand sink features an all stainless steel cabinet with UV-protected, solid HDPE doors. Each sink requires a 20A dedicated circuit and can be connected to a generator or a 110V wall outlet for instant on-demand hot water. The **Nature Series Pro** features a black hood design, a liquid soap and M-fold paper towel dispensers. This model provides everything required for handwashing compliance while working in the field or indoors.

NOTE: This model, while intended for outdoor use, is not designed to be left outdoors without being protected from the elements and should never be used in wet or damp conditions.

5" Xtra-Duty Caster Upgrade

Quick Connect Tank

IMPORTANT:

Consult with your state and local environmental health official to confirm usage of portable sinks in place of plumbing.

Handwashing Compliance

Ozark River is the Standard

NSF® CERTIFICATION

NSF® Certification is a key factor separating Ozark River Portable Sinks® from its competitors. NSF® is the most recognized sanitation standard in many industries. Certification is critical to help ensure Ozark River Portable Sinks® complies with most state and local handwashing codes.

SACERS RATING

SACERS provides an easy to use resource for defining high-quality care and assessing levels of quality in child care programs. Ozark River Portable Sinks directly affect SACERS, increasing the rating.

SACERS Rating: 12 - 3.4 - 5.1 - 5.2

ENERGY AND WATER SAVINGS

Our reliable, instant hot water system uses a minimal amount of energy to heat the water. No preheating of water is required. Sinks also dispense a sensible 1/2 gallon of water per minute (GPM), providing a perfect, economical stream of water for handwashing while conserving precious water resources.

Consult with your state and local environmental health official to confirm usage of portable sinks in place of plumbing.
